

WM #6 SHAY LIVE STEAM LOCOMOTIVE
SET 4, LINE SHAFT

Set #3:

Detail and assembly drawings for the **LINE SHAFT**, including all u-joint couplings, square shafts, bevel gear pinions (including both 20 x 40 and 20 x 49 tooth gear sets), etc.

Drawings for an anti-friction, ball slide slip joint at each u-joint are also included; this to prevent the dreaded track spreading tendency of the prototype locomotive when entering a curve under high load.

Approx. 14 drawing numbers in 30 sheets
